## Dissolution Notice.

The co-partnership heretofore existing between Allen & Burlingame in the boot and shoe business is this day dissolved by mutual consent, Mr. Allen retiring therefrom. The business will hereafter be continued by the undersigned, will collect all due bills and pay all just demands against the late firm.

65m J. S. BURLINGAME.

## Notice.

Be it known by this notice that I, Joe Galliano, have dissolved partnership with A. Benenato, and in future will not be responsible for any debts incurred by him in my name.

Any parties owing the firm of Galliano & Benenato can pay him one-half and I will make them a present of my share.

JOE GALLIANO.

## Sickness Among Children.

Especially infants, is prevalent more or less at all times, but is largely avoided by giving proper nourishment and wholesome food. The most successful and reliable of all is the Gail Borden "Eagle Brand Condensed Milk. Your grocer and druggist keep it. 2t

## Wabaska!!

The sixth annual fair of the Lyon County Agricultural Fair commences October 7th and ends the 9th. The Directors of this district are energetic men and any one who desires to make exhibits or outrees will find good treatment and ample accommodations.

The trotting and running races take place the 8th with the ladies' tournament on the last day.

For further particulars address W. W. BRAGG, President

Wabaska Nev.

## THE INTEREST INCREASES.

## OUR NEW PAVILION FILLED WITH VISITORS NIGHTLY.

## Windy Weather at the Track But Betting Runs High on Favorites.

## AT THE PAVILION.

The fruit men of Nevada came out very strong yesterday at the Pavilion and filled nearly all available space.

J. L. Gibson, the pioneer fruit raiser of Ormsby county, had an unusually fine exhibit. He had nine varieties of apples, with peaches, pears, apricots and grapes.

Ross Lowers of Washoe had forty varieties of apples and several kinds of pears.

The next was a dash of a mile and one-sixth. Nevada, Idaho Chief and Almont went to the post. Nevada was a strong favorite and many dollars were placed on the namesake of this State.

The horses received a good send off, Almont, whose rider had been changed, making the pace. At the half it looked as though Almont was the winner, as he had the lead four or five lengths with Nevada running a bad third. In the stretch Nevada came up rapidly,

DOUGLAS COUNTY EXHIBIT.

Fred Dangberg and M. Cohn of Carson Valley also had a magnificent fruit display and the County Poor Farm had a very attractive exhibit of fruit and vegetables. It was hard to tell among all these exhibits which was the best, but it is safe to say that such apples were never raised anywhere on earth as were in the display from Ormsby, Douglas and Washoe. It was better than the Nevada apple display that captured first premium at Philadelphia and New Orleans.

AN ESMERALDA CORNER.

## THE RACES.

Of the five horses which entered in the three-minute class on Monday only three came to the scratch yesterday noon—Hera, Anteo and Esmeralda.

There was considerable feeling over the race, as there had been more or less rough jockeying all the day before.

In the fourth heat the driver of Hera crowded Esmeralda out as far as possible at the turn of the home stretch, which lost Esmeralda the heat and gave it to Anteo. Hera's driver is an old jockey, and what he don't know in the line of this kind of work isn't in the annals of trotting.

In the morning he took the lead at the first quarter and held it until the close, winning the race and distancing Esmeralda. For a two-year-old the mare Hera may be regarded as a very promising animal.

The five-eighths of a mile handicap for two-year-olds brought out Zaldivar, Dr. Ross and Raqua. The former was the favorite in the pools and well backed as a winner.

The horses were sent off in splendid shape, and a close race was the result. Zaldivar maintained the lead from post to finish. Raqua came in second, half a length ahead of Dr. Ross, and two lengths behind the winner.

passing Idaho Chief and then Almont, winning the race. Time 1:51 1/2. Race looked jobby.

The special trot for \$400 brought out Victor, Hylas Boy, Maud Patchen and Vidette.

The horses got off after considerable scoring. Victor took the lead and came very near distancing the field, Vidette second and Maud third. Time 2:29 1/2.

In the second heat Victor again took the lead and held it all the way round. In the stretch Vidette came off close to Victor, but went off his feet and Victor won the heat in 2:27 1/2, Vidette second, Maud distanced.

In the third heat the driver of Victor held his horse up to help a little jobbery with the Paris Mutuals and was called to the stand and fined \$25, which he paid. The pools were declared off. Hylas Boy took the heat in 2:32. The next heat was better contested than the others, and Victor and the Boy came down the stretch neck

FINISHING THE FOURTH HEAT.

and neck, in fact many regarded it as a dead heat. Hylas got a nose under the wire first and was given the heat in 2:26. Victor was still the favorite 10 to 8 and won the fifth heat and purse in 2:30.

The whole race was regarded by the crowd as a job. Hylas boy has trotted in 2:22, and his best time yesterday was 2:27 1/2. The Carson track is the fastest on the Coast, yet horses that win in Sacramento where the heat is sweltering, make their time nearly six seconds slower on a cool day here. The fling of Victor's driver was a gentle reminder of future fines, and the Directors ought to keep increasing the fines until the drivers trot square races. A bell on the Judges' stand would be welcomed by everybody.

## The Carson Handicap.

The special running race, one and one quarter miles, for a purse of \$750, takes place on Friday, October 2d, as advertised. Weights are to be announced today (Wednesday). This promises to be a great race.

## AT THE WORLD'S FAIR.

Nevada Will be Fully Represented.

Monday's Examiner has the following:

J. W. Haines, World's Fair Commissioner from Nevada, arrived here last night after spending a few weeks in Chicago in the interest of the Nevada exhibit. Commissioner Haines detailed the efforts of Nevada people to make an exhibit, and said that though the bill for an appropriation of \$25,000 had been defeated unexpectedly by one vote, they were determined to be represented anyway.

I found Chicago all alive and doing all it could to make a great Exposition. I discussed the exhibits from the Pacific Coast with the managers and various Coast Commissioners. Nothing will be left undone to make it in all respects creditable. As for Nevada especially, we intend getting together as fine a lot of ores as can be procured anywhere. We think, in fact, that Nevada will lead in ores. Besides this, we shall have a large exhibit of cereals, fruits and vegetables. In all these we can make a fine showing. There is no better fruit raised anywhere than we have this year in the Carson Valley. Other valleys stand forth equally as prominent. It is so with the grain and vegetables. Nevada has advanced so rapidly in agriculture that we have no fears whatever as to what we can do.

As for the \$25,000, or thereabouts, that we will need, we have received assurances that the next Legislature will appropriate it, and meantime several of us have decided to advance what is necessary to start it. Farmers will deliver the grain and fruit at the depot free of charge. The exhibit at the State mining bureau of ores with what Supt. Thompson of the Suto Tunnel, and various others will have, will make an exceedingly creditable exhibit in a mining way. These will be delivered free at the railroad, and the railroad will give us at least a half rate, and I believe eventually a free rate of transportation. So after all we will have a good exhibit.

We do not intend to erect a building for Nevada at Chicago, but will use part of the main building or an annex. The Coast Geological Survey people reported—and it was published not long ago by our State Immigration Board—that we had in six valleys from 6,000,000 to 7,000,000 of fine agricultural land that could be irrigated by the storage system at one dollar an acre. We want this known to the world, and we want people to settle on this land. There is no better way as a starter than to be well represented at the World's Fair.

Mr. Haines will return to Nevada in a few days and push the work of collecting for the World's Fair.

## ORDINANCE NO. 86.

An Ordinance to prevent the use of water for irrigation or street sprinkling during the existence of fire.

The Board of Trustees of Carson City do ordain:

SECTION 1. It shall be unlawful for any person or persons to open any fire plug, except for fire purposes, after an alarm of fire is made, or to use any water from any hydrant, either for street sprinkling or irrigation during the progress of a fire; and all hydrants that may be open for either of the above purposes when an alarm of fire is made must be immediately closed by the person who opened them or have them in charge, and not opened again until the fire (if there be any) is extinguished.

SEC. 2. Any person violating the provisions of Section One of this Ordinance, shall upon conviction, be fined not less than ten nor more than fifty dollars for each offence.

Approved,

T. R. HOFER,

President.

Attest:

WM. HY DOANE, Clerk.

## There is no Secret

About your buying shoes to advantage. You may not know any more about the quality of leather than you do about a lost comet but that is no reason why you should get "stuck." Either you get your money's worth or you don't and if you don't it is your own fault. We are in the shoe business because we happen to know something about shoes and leather. It is "bread and butter" to us, therefore we make it a STUDY. Of the knowledge you get as much benefit as though you possessed it yourself for we place it entirely at your disposal and if you think that other houses can quote lower prices than we do, come and look at the goods and prices. We will put our time against yours and we feel confident that the result will be a mutual benefit.
